Initial if reference considered, whether or not citation is in conformance with MPEP 609; Draw line through citation if not in conformance and EXAMINER: not considered. Include copy of this form with next communication to applicant.

Information <u>Disclosure Statement PTO-1449 (Modified)</u>

The identification of any reference is not intended to be, and should not be understood as being, an admission that such publication, in fact, constitutes "prior art" within the meaning of applicable law since, for example, a given reference may have a later effective date than first seems apparent or the reference may have an effective date which can be antedated. The "prior art" status of any reference is a matter to be resolved during prosecution.
